Saraswati,
Hindu goddess
of learning

A man in this world without learning

One of the greatest influences and opportunities for portfolio construction going forward will be the emergence of the BRIC economies - Brazil, Russia, India and China.

BRIC Study Tours are specifically designed for researchers and investment committee members from dealer groups, platforms, super funds and research houses. It's imperative that those who design investor portfolios become very familiar with the BRIC markets, so that including BRIC investments in portfolios is a considered, rational progression, not a blind leap of faith.
